

Additional Funding for Sexual Abuse and Domestic Abuse Victim Services

The Government recently announced extra funding to support victims and survivors of domestic abuse and sexual abuse. This funding will be distributed at a local level via Police and Crime Commissioners (PCCs).

This additional funding will support community based services as well as ISVAs and IDVAs. This announcement is in response to the challenges short-term investment causes for service providers and to cope with the increase in demand.

A full description of the funding, eligibility, Q and A's are shown in the attached document (appendix A) as well as the funding form that needs to be completed (appendix B).

If organisations have any questions or concerns about the process, they should contact Nicky Jolley, Victim & Witness Commissioning Lead, Staffordshire Commissioner's Office at nicky.jolley@staffordshire-pfcc.gov.uk

Organisations should return their completed funding form (appendix B) to nicky.jolley@staffordshire-pfcc.gov.uk by 5pm on 2 May 2022.
