Freedom of Information request: reference SCO/FOI/01/2021, first notified to us by email on 5 January 2021.

Staffordshire Commissioner's Office response to your enquiry is as follows:

I can confirm that the Staffordshire Commissioner's Office does hold the requested information.

This is a request for information about the number of active police stations which fall under the force's remit, and the number that have closed in the last decade.

- ***Please could you provide the number of active police stations, along with the address of each.***
- ***Could you also provide the number of police stations that have closed over the last ten years.***
- ***Could these be broken down by the month they closed, and if possible could the address be provided too.***
- ***By 'active,' I mean a facility with a physical public facing counter.***

Please see spreadsheet documented below in response to your questions. I can also advise that 20 of the 21 stations during at least some of the period of Jan 2010 -July 2018 a front officer counter was situated at the station location. This then reduced to 3 front office counters as highlighted below, in the Spring of 2019.
